

ASSEMBLY & KITTING

Supply Chain Services

realize your global possibilities

BENEFITS

- Reduce labor and manufacturing costs
- Speed new product time-to-market introduction
- Increase customer satisfaction
- Eliminate of inventory obsolescence
- Reduce investments – change from fixed to variable cost model

Product Assembly & Kitting Overview

Assembly and Kitting operations require expensive manufacturing space and can represent a significant portion of a product's cost. Companies are looking for a better way to ensure quality product assembly and kitting while reducing overall costs.

Why GlobalWare?

GlobalWare Solutions maximizes your efficiencies and reduces costs by managing all aspects of assembly and kitting needs. Our flexible global infrastructure will meet your unique requirements.

- Efficient and streamlined procurement, inspection, warehousing and fulfillment management
- Improved lead times
- Reduced labor and inventory costs
- On-time delivery
- Increased inventory turns
- Decreased obsolescence
- Improved customer satisfaction

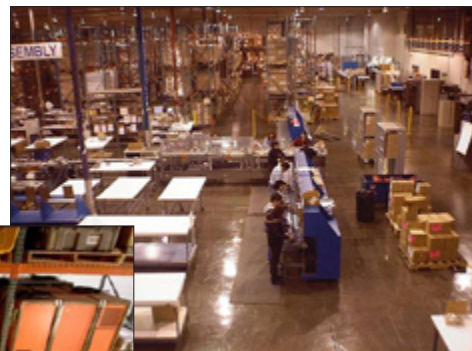

In addition, we can help reduce financial risk, supply variability and lead times when you combine our Assembly and Kitting services with other value added services such as Sourcing, Vendor Managed Inventory and Postponement.

Key Components:

- Materials Management
- ISO 9001:2000 Quality Audits and Checks throughout process
