SECURITY TOKEN PROTECTION
Supply Chain Services

realize your global possibilities

BENEFITS

- Provide protection from hackers and security breaches
- Increase customer satisfaction
- Dramatically increase your e-Commerce business
- Program can grow and adjust based on changing authentication requirements

What is Security Token Protection?

GlobalWare Solutions is the recognized leader in delivering logistics and supply chain solutions for the Second Factor Authentication (2FA) marketplace.

Clients benefit from focused comprehensive solutions that:

- Increase applications' security
- Improve customer service
- Enhance the organization's competitive position in the global marketplace

GlobalWare offers "Ready-to-Go" recommendations for Security Token Solutions with the flexibility to customize security devices with corporate branding and add-on components as needed. Additionally, GlobalWare program and supply base management teams will proactively manage the entire process to minimize client resource requirements.

Why GlobalWare?

- Proven Experience
- Reduced Costs
- IT Flexibility
- Responsive Customer Service
